DRY FARMING NOTES

Horticulture Under Dry Farming

(From "The Dry Farming Congress Bulletin")

While it is a fact, now well known, that horticulture under dry farming conditions has been practiced for many years in some sections of the West, it has been generally believed that dry land fruit raisers faced a most difficult proposition. There is no longer any question as to quality or quantity if the work is well done and necessary rules are followed. Clean, deep soil, which has been given one year of preparation, is best. Prevailing winds are to be considered, and orchards so located that there is protection from severe storms, although dry land orchards are known to withstand many conditions that would be severe tests of irrigated orchards owing to the fact that the trees are not filled with sap at freezing seasons and are therefore, not so apt to winter kill.

Some orchardists insist in over-planting. They try to get too many trees to an acre. E. R. Parsons, of Parker, Colo., has tested various distances in his twenty years of fruit raising, and has satisfied himself that forty feet is the most profitable distance between apple trees, twenty feet for cherries, and ten feet for smaller fruits. In planting an orchard the nativity of the young stock should be considered and trees secured from Western Kansas, or a similar climate. Irrigated young trees should not be used in a dry land section.

The amount of rainfall required for fruit growing is difficult to determine. Reports sent in from every section of the country indicate that this is not so important an item as is the matter of soil treatment and physical conditions of soil as relates to moisture conservation.

Orchard insects that remain alive by burrowing in soil for winter protection can be killed by winter cultivation during a thaw. They are exposed to the rigorous temperatures of winter and either eliminated or greatly reduced in numbers, hence more easily controlled. **JOHN T. BURNS**

A HARROW ATTACHMENT

Several companies are now manufacturing what is known as a "harrow attachment" for plows. This attachment is made to be used in connection with the plow, usually of the sulky or gang type. By its use the ground is harrowed or pulverised as fast as it is plowed.

Every farmer knows that there is no time when plowed ground will pulverise better than immediately after it has been turned. At this time there has been no chance for moisture to escape, and by harrowing at once the ground is not only better pulverised, but is placed in a condition to conserve the moisture better.

By using this harrow attachment in connection with the plow there is no need of going over the field again to put the ground in condition for the crop. The field is harrowed as far as plowed at all times. Ordinarily less than one-half of the energy exerted by one horse is required to pull it. This type of harrow is made in

PRAIRIE MARKETS

Mr. Metcalfe's Eleventh Report

Winnipeg, Man., Aug. 8, 1910.

W. E. Scott, Esq.,
Deputy Minister of Agriculture,
Victoria, B. C.

Dear Sir,

I have the honor to report as follows:

Regina, Aug. 1st, 1910. Manager, Vernon Fruit Co., here reports seven cases raspberries arrived July 28th from Vernon, B. C., were a total loss. Hot weather in the end of the season renders it almost impossible to ship raspberries long distances unless shipped under ice. I saw peach plums from Mission, B. C., in the Regina Trading Co.'s store here, had just arrived, were rotting and generally in bad condition, badly packed, and baskets not full, and short in weight in comparison with Washington plums. I weighed baskets and crates of each; the B. C. plums were 1 1/4 lb. to basket, or 5 lbs. per case, less than the Washington plums. I also saw B. C. apricots from Vernon in the same store were sound but small and not packed, were 4 lb. less in weight than the Washington apricots per case. The manager and buyer of the Fruit Dept. of the Regina Trading Co.'s store made this remark to me: "Respecting the fruit, if this is the manner or method in which B. C. fruit is going to be packed, graded and shipped this season, we want no more of it."

Now this is most unfortunate that growers and shippers should ship out fruit to arrive here in this condition as this did. Shipping associations should supervise and inspect growers' fruit being shipped by them, and individual growers and shippers must exercise greater care in packing, grading and shipping, and if you have a variety of fruit affected by any fungous rot of any kind whatever, do not ship into these markets, market in cannery or at home as you will certainly suffer a loss and realize unsatisfactory returns, and at the same time you are injuring the reputation of B. C. fruit as a whole to a great extent, as well as the individual growers and shippers, and shipping associations, who are making every endeavour to put up a high class fruit product to sell in these markets.

I saw 25 boxes of peaches from Kelowna, B.C., in a jobbing house here, and had been packed and shipped in apple boxes without paper—just thrown in; apparently had been ripe when shipped, were rotting, too much fruit in one box. This method of shipping peaches is certain to prove unsatisfactory to growers and shippers in the way of diminishing returns, and at the same time not acceptable to the trade here. Peaches being a tender fruit, they should be picked in the right condition, well wrapped and packed, and shipped in the regulation peach box. Don't attempt any innovations in the way of shipping unless you are prepared to pay for the experiments, more particularly at this time when you are trying to move a good crop for profitable returns. I also saw 15 cases of Olivette cherries here from the Progress Packing Co., Victoria; arrived in

KELOWNA OUTFITTING STORE

W. B. M. CALDER, Prop.

good condition, baskets well filled and packed. I further saw about 65 cases of peaches from Vernon, B. C., in a jobbing house here. They had been shipped in regulation box, were sound and fairly well packed, but showed large chamois coloured patches on the fruit, giving them a bad appearance in comparison with perfect fruit, and would certainly detract from market price. I supposed it was attributable to mildew, and this, along with other details of orchard work, must be done with care and judgment, to avoid injury and bad results. The few peaches arriving at present from B. C. are coming in by express, no car lots as yet.

Jobbers at this and other points complain of the unsatisfactory methods pursued by some shippers of B. C. who quote prices and agree to ship, then after jobbers have ordered they fail to do so. This annoys and disappoints them and they resolve not to handle B. C. fruit if it can be obtained elsewhere. This method of doing business is most unsatisfactory and will work more injury to the shippers than the purchasers if this method of doing business is continued in.

There arrived at Regina by express from July 18th to 30th:

709 crates of berries

58 crates of cherries

29 crates of berries for C. N.

R. express for the north.

Calgary, August 3rd.—I saw cherries from the Victoria Fruit Growers' Union, Victoria, in jobbing house here; arrived in excellent condition; nice stock about 24 lbs. to the case. But I think it would be better to quote as 24 lbs. because a 4-5th basket if filled will hold 30 lbs net of fruit, and with 24 lbs quoted will not expect baskets so well filled, or quote as 30 lbs and fill to top. B.C. blackberries arriving in excellent condition, but in limited quantities at present, jobbers selling retailers \$2.75 per case of 24 baskets, 4-5th size.

Transient and Contract Advertisements—Rates according to size of space taken.

Contract advertisers will please notice that all changes of advertisements must be handed to the printer by Tuesday noon, otherwise they cannot be inserted in the current week's issue.

THURSDAY, AUGUST 18, 1910.

Kelowna as a Convention Site

In its issue of August 10th the "Vancouver World" gave utterance to the following loud, long and melancholy wail:

"It is announced that the annual convention of the British Columbia School Trustees' Association will be held at Kelowna this year. This may be an excellent thing for Kelowna, but it may be gravely doubted whether it is equally excellent for the Association, or for the cause of education in the Province. Their is no subject which more vitally affects the efficiency of the individual, the evolution of humankind, or the standing and influence of communities, than education, more especially the education with which Boards of School Trustees are entrusted, the education of the masses. Courses of instruction which are entered upon and pursued with the intention and for the purpose of equipping the individual for one particular calling or walk in life are of great importance; but their sphere is more circumscribed and their importance, regarded from a sociological standpoint, is correspondingly less than the elementary education on which the student depends for the measure of developed intelligence with which he enters upon preparation for any calling or profession which he may have chosen to follow, or which may have been chosen for him. Public interest in the deliberations of the British Columbia School Trustees' Association is keener and closer, and wider than in the deliberations of any other body in the Province.

"Let us make it clear at the outset that we are not disposed to view this matter from anything less than a Provincial standpoint. The Vancouver spirit is not the spirit of 'grab-all'; but no natural dislike of exposure to misunderstanding should deter either man or newspaper from frank expression of opinion on a question of high public importance. Kelowna is an attractive district in the Province, and it is bound to play a creditable part in provincial development; but we do not consider that the people of Kelowna themselves would advance any claim that at the present stage of development in British Columbia, Kelowna is well suited for the holding of a convention of this character. Rather are we reminded of a story which is told of the Rt. Hon. Joseph Chamberlain. A number of gentlemen in one of the northern counties of England arranged for a reception of Mr. Chamberlain, who promptly accepted. As usual, Mr. Chamberlain was expected to deliver an important speech. When the well-known statesman arrived in the hall in which he was expected to speak, he found the gentlemen of the neighbourhood assembled in force, but there were no reporters, no provision of any sort for the speech reaching the public through the medium of the Press. Mr. Chamberlain, on discovering this state of affairs explained, as delicately as possible, that his speech had been intended, not for the inmates of this hall alone, but for the people of Great Britain; and as it was manifestly impossible under the circumstances that the speech could be read by those for whom it was intended, he was unable to deliver it on this occasion. We contend, that in the interests of education in British Columbia, and in the interests of the Provincial Association of School Trustees, the convention should be held at some point in the Province where telegraphic facilities are such as to permit of the proceedings at the convention being communicated to the public while those proceedings have still a news interest and a news value."

Now for analysis. The tit-bits are: "We are not disposed to view this matter from anything less than a Provincial standpoint. The Vancouver spirit is not the spirit of 'grab all'." Indeed! Then 'one of our ancient faiths is shattered, as we have always believed that Vancouver ranked closely behind Seattle in that respect.

Granting at once that Kelowna's telegraphic facilities are not those of a large city, surely that is insufficient reason to condemn the selection of it as a meeting-place of the Convention, and it comes with an ill grace from a Coast paper in the face of the practice carried on by the Vancouver dailies of clipping local news from their country exchanges, taking the paragraphs into the semblance of press despatches by heading them with the same date as they are printed in Vancouver, though the news may really be a week old, and thus deceiving their readers into the belief that they have a system of telegraphic correspondence from all parts of the Province. We do not know if the "World" plays this neat little game, but certainly the "Province" and the "News-Advertiser" do so unblushingly. Such being the case, the Coast papers would find no difficulty in heading a mail report of the Trustees' Convention with a telegraphic date.

In sober earnest, however, is it so very necessary to the people of B. C. that they must find the daily report of the proceedings of the Convention on their breakfast tables next morning? We venture to suggest that the report would lose none of its value if transmitted by mail instead of telegraph, while existing telegraphic facilities could be used to send a summary to the dailies.

The "World" quite fails to grasp the broad reasons why the holding of the Convention at Kelowna is a desirable innovation. It is generally admitted that travel broadens people's minds; it is also apparent that the majority of people are urgently in need of travel, and more than others do the people of the large cities need to get out of the rut and see something of the country they live in. Should the Convention be held annually in Vancouver or Victoria, the delegates would lose the valuable opportunities to see something of the extent and manifold resources of the Province which would be presented were the assembly made a perambulatory affair. A wilderness of bricks and mortar conveys no new ideas, but merely the impression that it is much the same as dozens of similar wildernesses in other parts of Canada, while British Columbia's diverse resources of forest, mineral and agricultural wealth, spread before the eyes of the traveller as he journeys through the Province, cannot fail to widen his ideas and broaden his knowledge. And of all people surely School Trustees should be the most broad-minded and enlightened.

RIFLEMEN, ATTENTION!

The first of the four shoots for the Dominion Silver Salver will be held today on the Kelowna Range. A recent regulation, issued by the Militia Department, rules that the salver can be won only with the regular Mark II Ross, issued by the Department. As several members own their own rifles, of Lee-Enfield or Ross Mark III pattern, which are not eligible for use in winning the salver, the Captain has decided to offer a silver medal for the four highest scores made by a competitor in the Salver Competition, using a military rifle of any pattern and any kind of sight, provided, that the winner of the salver shall not be eligible to also win the medal.

The Captain will also offer a bronze "Recruit's" medal for the four highest scores made in the Salver Competition by any member who has joined the Association for the first time during 1910. Any rifle and any sight can be used.

The sole object in offering these medals is to stimulate attendance at the Salver shoots, which are of the utmost importance to the Association, as by attendance at them members qualify as efficient and thereby earn a government grant of \$1.00 per man, which forms a material aid to the Association's funds.

Dates of the Salver shoots on the Kelowna Range: August 18, August 23, Sept. 1, Sept. 15.

G. C. ROSE, Capt.

LACROSSE

Kelowna 4, Armstrong 3

The Kelowna boys are still maintaining their winning streak, defeating Armstrong yesterday, at Armstrong, by 4 goals to 3.

Part of the Kelowna team travelled by boat, while the remainder, to the number of nine, engaged a couple of Mr. S. T. Elliott's motor cars and made the journey in good time, leaving here at 1 p.m. and arriving at Armstrong at 4.15.

The game began at 5.15, and in the first quarter the score was even, Angus McMillan putting on a goal for Kelowna and McCorquandale equalizing for Armstrong. In the second quarter, Fuller and W. Pettigrew scored one apiece for Kelowna. Armstrong failed to make a tally. The only point notched in the third quarter was one for Armstrong, by Murray. A. McMillan scored Kelowna's fourth goal, in the fourth quarter, and was followed four minutes later by Francis, who scored the third point for Armstrong.

The game was devoid of any particularly striking features, except for the noticeable strength of the defence on both sides, which largely baffled the efforts of the homes to score. The Armstrong goal-keeper played a star game, and had it not been for his excellent work the Kelowna goal total would have been considerably larger. There was no "scrapping," and the game was clean throughout, the few penalties inflicted being for technical infractions of the rules of play.

The following was the line-up:

Kelowna	goal	Armstrong
L. Pettigrew	point	Parkinson
H. Newby	point	Pelly
G. N. Kennedy	cover	W. Murray
C. McMillan	1st def.	Barnes
J. McMillan	2nd def.	Horswill
T. McQueen	3rd def.	Fisher
H. Glenn	Centre	Maundrell
Holden	3rd home	McCorquandale
A. McMillan	2nd home	Francis
W. Pettigrew	1st home	Phillips
Carey	Outside	Murray
G. Fuller	Inside	Armstrong

The Kelowna motor-car contingent had a pleasant journey home, arriving in town at 11 p.m.

NATIONAL APPLE SHOW

Complete List of Judges

The complete list of judges for the first Canadian National Apple Show has now been compiled, and embraces men representing almost every district in Canada as well as many fruit districts of the United States. The complete list is as follows:

Prof. H. E. Van Deman, Pomologist, Washington, D. C., chief of staff.
Prof. F. C. Sears, acting head of Horticultural Division and Professor of Pomology, State Agricultural College, Amherst, Mass., formerly of the Nova Scotia Agricultural College.
Prof. John Craig, editor of the National Nurseryman and Professor of Horticulture in Cornell University, Ithaca, N. Y., formerly of the Department of Agriculture, Ottawa.

Prof. Wilbur K. Newell, President of the State Board of Horticulture, Gaston, Oregon, a fruit man of rare ability and sterling integrity.
Mr. W. H. Bunting, of St. Catharines, Ont., one of the most successful fruit growers in Canada, and Mr. Martin Burrell, M.P., of Grand Forks, one of the best authorities on pomological nomenclature in the west.

To this staff there is a possibility that Professor Macoun, of the Dominion Department of Agriculture, will be added.

Produce For Hospital

We are asked by the Secretary of the Hospital to state that donations of vegetables, fruit, dairy produce, eggs, etc., will be gratefully received at the Hospital. If more convenient any contributions may be left at the shop of the D. W. Crowley Co., Ltd.

Kootenay fruit growers propose forming a joint stock company for the purpose of furthering the interests of the individual members.

OKANAGAN MISSION NOTES

(From Our Own Correspondent.)

Messrs. Parkinson, Ernest Wilkin-son, Tillbrook and Hensman paid a visit to the Mission on Tuesday last, whilst surveying adjoining property.

Mrs. Hassell, of the Hotel Bellevue, in accordance with medical advice, is taking a well-earned rest on the lake shore.

We are pleased to see Mr. Wan Shand out of the Hospital and looking as well as can be expected. We wish him a speedy convalescence.

Mrs. Jones-Evans and family are holiday-making by the lake, Paterfamilias J. E.'s numerous and arduous duties unfortunately prevent him doing likewise.

A cricket match will be played between the South Okanagan Sports Club cricket team and a team from Coldstream, on Friday, the 19th inst., on the ground of the former, and a tennis match vs. Penticton on Saturday, the 20th inst., on the local ground.

A tennis match was played at Vernon between the South Okanagan Sports Club tennis team and Vernon, on Saturday, 13th inst., resulting in a victory for the latter by three games to one. The visitors had the unpleasant experience of a walk up hill, occasioned by the tyres bursting on the car in which they were travelling, and consequently arrived on the ground about an hour late.

We regret to have to record an unfortunate motor-car accident which might easily have been attended with more serious results. On Friday evening, the 12th inst., Mr. Gore-Brown, accompanied by Messrs. G. H. E. Hudson, Arnold, Batchelor and McEachern (chaffeur), drove out from Kelowna. On nearing Cedar Creek flat, a tyre burst, causing the car to swerve and run down hill towards the lake, and into a tree, which stopped its progress. Mr. Gore-Brown jumped for it and was unhurt. Mr. McEachern also luckily escaped, as did Mr. Hudson, who remained in the car. But the other gentlemen were not so fortunate. Mr. Batchelor sustaining severe bruises about the knees and Mr. Arnold having his knee badly contused. The car was considerably damaged. We trust the injured gentlemen will speedily recover from the effects of the accident.

CRICKET MATCH

A cricket match between the Kelowna C. C. and the South Okanagan Sports Club cricket team was played last Saturday, the 13th inst., on the ground of the latter club, and resulted in a victory for the "Sports" by an innings and 13 runs. The following are the scores:

Kelowna—1st Innings	
A. H. Crichton, c & b Packer	1
R. Howe, b Gore-Brown	19
W. Case, c Mitchell, b Thorne- loe	0
G. K. Smith, c Mitchell, b Thorne- loe	1
C. K. L. Pyman, run out	2
S. L. Long, c & b Thorne- loe	0
H. Hardman, c Favel, b Thorne- loe	0
G. W. Mappin, b Thorne- loe	0
Harrison, b Gore-Brown	9
F. W. Seddon, b Packer	3
R. Hill, not out	1
Byes	6
	42

2nd Innings	
Harrison, c Favel, b Thorne- loe	15
Hardman, b Thorne- loe	0
Pyman, b Packer	1
Hill, c Gray, b Packer	1
Crichton, c Bartholomew, b Packer	0
Howe, c Bartholomew, b Thorne- loe	2
Case, b Packer	2
Smith, c Packer, b Thorne- loe	0
Long, b Packer	3
Seddon, b Packer	0
Mappin, not out	1
Byes	4
	36

DEMONSTRATION ORCHARDS

Four For The Okanagan

Kamloops, B. C., August 6.—The plans of the Provincial Department in reference to the establishment of demonstration orchards throughout the Province were discussed with a News-Advertiser representative here by Mr. W. E. Scott, deputy minister of agriculture. He makes the announcement that within about a month the sites for orchards will be finally chosen, there being over twenty to establish. At the present time the intention of the department is to place them roughly as follows—Vancouver Island, two; Lower Mainland, two or three; Yale-Kamloops, four; Okanagan, four; Columbia Valley, one; Boundary, one or two; Kootenay and Arrow Lakes districts, six. This is open to alteration, but it is not considered likely that there will be any changes of importance.

The horticulturists of each district will get applications from all persons in their sections desirous of maintaining the orchard work. These will then be considered by the department and a choice arrived at. The understanding is that the applicant will furnish a five-acre tract, which the government will prepare and plant with trees. The keeper is then to conduct the orchard as outlined by the provincial horticulturist up to a certain amount per acre, as decided as necessary for the commercial expenditure in that district.

The men in charge of the orchards will get practical help of great value, and have the benefit of the advice of experts in the department. Mr. Scott considers that there will be plenty of fruit enthusiasts in each district ready to devote their land and time to the service on the conditions described.

As it will be up to the government to get results from the orchards great care is to be exercised in the selection of the land and the men. It is expected that the orchards will be strong educative factors in the fruit growing industry, and a good advertisement for the fruit capabilities of the Province. Settlers will be able to see orchards run on small lines, and they also can have an opportunity of gaining valuable information whenever desired. The orchards are to be used at certain times of the year for demonstrations for the district, when gatherings will be held and the right practice in planting, irrigating, spraying, pruning, and picking will be shown.

HEARTILY APPRECIATES

Good Work of the Fire Brigade

Kelowna, Aug. 11, 1910

To the Editor, Courier.

Dear Sir,

I should be very much obliged if you would allow me sufficient space in your paper to express to the boys of the Kelowna Fire Brigade my hearty thanks for the splendid work they did in saving the adjoining block on the night of the fire. Thanks to the fine work they did, I only had a pair of curtains burnt, when I had fully made up my mind I had lost everything.

I have watched the Winnipeg Fire Brigade with all its modern appliances, and they can't teach the Kelowna Brigade anything about how to handle a fire.

Thanking you for your courtesy in publishing this.

Yours faithfully,
F. GRAHAM TOLLIT.

the game in a somewhat sensational fashion, the score sheet at one time reading, 8 runs for 6 wickets. However, a stand was then made and the 7th wicket remained intact until 21 runs had been notched.

Some noteworthy howling feats were witnessed. In Kelowna's first innings, Thorne-
loe took 5 wickets for 12 runs, and Gore-Brown 2 wickets for 4 runs. In their second innings, Packer took 6 wickets for 12 runs, and Thorne-
loe 4 for 20. For the "Orchardists," Case was most successful, securing 7 wickets for 30 runs. The visitors were entertained to lunch by the local team and tea was provided by Mrs. Mitchell and Mrs. Mallam.

YOUR OPPORTUNITY

TO SECURE

AN ORCHARD HOME

HAVING THE ADVANTAGES OF BOTH TOWN AND COUNTRY LIFE.

Our First Sub-division of Glenmore IS ON THE MARKET

You will have to act quickly if you wish to secure a lot in this desirable sub-division for it is selling rapidly. The location is ideal, half a mile from the town limits and one hundred feet higher, commanding a beautiful view of the lake, city and surrounding country. The soil is a light loam with slope sufficient for irrigation and drainage.

Unimproved land, as desirably situated as ours, is selling readily in the fruit sections of Washington and Oregon for from \$650 to \$1,200 per acre. Conditions are changing here; before you realize it this land will have doubled in price.

Now is The Time to Purchase

We advise you to inspect the property at once and make your selection. It is going fast. The property has been little more than a week on the market, and at the end of the week, May 21st, there were but nineteen lots remaining unsold. Our town is rapidly growing, and it will not be long before this property will be practically a part of it, and we feel safe in saying, The Choice Residential Section.

We might also state that it is the Company's plan to reserve the adjoining 1000 acres, to be improved and planted out in one large orchard and retained for itself.

Maps of the sub-division and all information relative to prices and terms may be had at our office.

PRAIRIE MARKETS

Continued from page 1

The following is a quotation from the Central Produce Co., Wenatchee, to Plunkett & Savage, Jobbers here, who wish to consign fruit, and at the same time express the desire that jobbers ought to net them the following prices f.o.b. point of shipment: Plums and prunes, assorted, per case, 75c.

Peaches, Early Crawford, per case, 50c
Apples, no grade, per case, 90c.
Pears, Bartlett, per case, \$1.15.
Crabs, per case, \$1.10.

The following is a quotation from White Bros. & Crum, Snake River, to the MacPherson Fruit Co., Calgary, Aug. 4th, f.o.b. point of shipment: Pears Bartlett, per case, \$1.50.

Pears, Flemish Beauty, per case, \$1.25
Plums, assorted, per case, 75c.
Peach, Early Crawford, per case, 50c
Apples—Wentley and Gravenstein, per case, 90c.

The following are Jobbers' prices to retailers to-day, Aug. 4th, Calgary: Washington apricots, per case, \$1.00 to \$1.25.

Washington peaches, Early Crawford, \$1.25 to \$1.35.

Washington Peaches, Triumph, \$1.00

Washington apples, Alexander, per case, \$2.00

" " Red Astrachan, per case, \$2.25 to \$2.50

" " Crabs, per case, \$2.25

" " Plums, peaches and Gages, per case, \$1.50

California Plums, and prunes, per case, \$1.75 to \$2.00

B. C. Blackberries, per 2-5th case, \$2.75

B. C. Cherries, per 24 baskets, 2-5th \$4.25

To Summarize—Apricots are not a heavy crop and rather under size everywhere. B. C. should have no trouble in marketing the crop at fair prices in these markets. Avoid selling too much in local markets as they have from some American points a better rate into Vancouver than from Okanagan Valley points. On the other hand, peaches are a good crop and prices quoted from the American side of 40c, 45c and 50c per case, for the different varieties, would indicate about 65, 70c and 75c on a commercial basis of Oregon, Washington prices for B. C. The other large fruits, apples, crabs, pears, plums and prunes, will probably rule firmer at fair prices than indicated from first reports, although plums and prunes are reported a heavy crop at some American points. It is not safe to speculate on prices at present. The latest reports from Ontario favour B. C. Jobbers and retailers here have been thoroughly advised of our good crop, and it is for B. C. shippers now to make good by placing themselves in touch at once with jobbers, retailers and consumers of these markets by putting up whatever they may have to ship at fair market prices.

J. C. METCALFE,
Commissioner.

DRY FARMING NOTES

Continued From Page 1

several different styles and widths. In width it varies from about eighteen inches for a single plow to three feet for a gang plow. It should have a lever adjustment so that it can be forced into the ground as deeply as desired. We have every reason to believe that this attachment will be much more generally used in the near future. It is certainly a tool worth recommending. Its cost is within the reach of all.

RIFLE ASSOCIATION

Practice Scores

A few members of the Rifle Association tore themselves away on Thursday afternoon from the gaieties of the Regatta and indulged in practice on the Knox Mountain range. A strong southerly breeze was blowing with occasional sudden lulls, which made the calculation of windage somewhat difficult, but some good shooting was done. Scores:

D. D. Lloyd	1-5 3 5 4 1 5 5-31
G. McKenzie	4-3 4 5 4 5 5 4-30

Local and Personal News

Mr. T. N. Varty returned to Vancouver on Saturday.

Mr. Walter Hyde left for Vancouver on Saturday.

Miss Wilde returned on Saturday from a holiday at the Coast.

Dr. Shepherd left on Saturday on a visit to his old home at Victoria.

Messrs. W. and J. Brent were visitors in town, on Monday, from Summerland.

Miss Louise Donald, lately of the Lake View Hotel staff, left for Vancouver on Saturday.

Miss Lena Wilson went to Armstrong on Monday to spend a few days' holiday.

Mr. and Mrs. Maitland Featherstonhaugh, of Salmon Arm, are paying a visit to town this week.

Rev. J. W. Davidson was a passenger to Victoria, on Monday, to attend the Methodist General Conference.

Miss Jessie Kennedy returned to Vernon on Monday, after spending a visit with Mrs. Geo. McKenzie.

Miss Johnson, who had been visiting the Misses Watson for a week, returned to Vancouver on Saturday.

Mrs. and Miss Hensman, who had been visiting Mr. G. H. Hensman for a few days, returned to Vernon on Tuesday.

About twenty people left by Saturday's boat to attend the Vancouver Exhibition, which is open all this week.

Capt. Estabrook, of the s.s. "Okanagan," is enjoying a well-earned holiday, and Capt. Joe Weeks is filling his place in the pilot-house.

Mr. Richard Curtis and family returned on Tuesday to their home at Okanagan Landing, after a week's visit to Mrs. C. Clarke, C. P. R. station.

There was no meeting of the City Council on Monday evening, as, with Aids. Stirling and Jones away on a prolonged holiday, and Ald. Cox out of town for a few days, a quorum could not be obtained.

Kelowna now has a long lead of goals over the other members of the Okanagan Lacrosse League, and should have the cup for most goals "cinched" by this time. The respective totals are—Kelowna 34 goals, Vernon 19, Armstrong 10.

Mr. and Mrs. P. Richardson returned home to Calgary on Friday, after spending three weeks' holiday here. It was their first visit to Kelowna, and they were delighted with the town and especially its beautiful situation on the lake.

It is graciously announced by the C. P. R. that sleeping berth reservations, to the number of six, can now be made at Sicomus for main line trains. Ye gods! likewise ye little fishes! six whole berths for the Okanagan valley—six whole berths for some 20,000 people! Think of it!

In last week's report of the City Council proceedings we made Ald. Harvey state, regarding his attendance at the Irrigation Convention at Kamloops, that "he had got a resolution put through asking the government to pass an act permitting municipalities to take over water records for lands within their boundaries and to administer the control and distribution of water." Ald. Harvey modestly disclaims fathering the resolution, which, he says, was moved by a Summerland delegate, but received the hearty support of the Kelowna delegates.

A high honour has been conferred upon Kelowna by the selection of Mr. J. Gibb as one of the Judges at the Third National Apple Show, to be held at Spokane from Nov. 14th to 19th. The letter of appointment was couched in highly flattering terms, conveying keen appreciation by the management of Mr. J. Gibb's knowledge of western apples. The appointee will be associated with American Judges of national standing, presided over by Prof. Van Deman, as chief judge, and the "Courier" heartily congratulates Mr. Gibb on the recognition of his pomological skill.

Mr. R. T. Heselwood was a passenger to Vancouver yesterday.

Miss G. Martin left yesterday for a visit to Saskatchewan points.

Miss Ida Anderson left yesterday for Battleford, Sask., where she will visit friends.

Mr. and Mrs. S. C. Cosens and family returned from Vancouver yesterday.

Mrs. W. M. Crawford returned on Monday from a holiday spent near Qu'Appelle.

Dr. Gades was a passenger to Banff yesterday, where his wife and child are making a stay.

The Countess von Schwarzenberg, who has been a guest at the Lake View for a couple of weeks, left this morning for Vancouver.

The Misses Irene and Frances Cathers, formerly resident in this city, but now of Kelowna, B.C., arrived in the city on Sunday, and will remain here during exhibition week.—Vancouver News-Advertiser.

Owners of dogs are advised to read the advertisement published in this issue, referring to the payment of dog taxes before Sept. 1st. We understand it is the intention of the Council to enforce this By-law strictly this year.

A team representing the Revelstoke Cricket Club arrived by yesterday's boat and will play a match at Okanagan Mission to-day with the Sports Club. On Friday they will play Kelowna at the polo ground. The match will be an all-day one, commencing at 10 a.m. Spectators will be made welcome.

The Secretary of the Kelowna Hospital Society begs to acknowledge with thanks receipt of the following donations and subscriptions: Young Ladies' Hospital Aid Society, \$218.50; Mr. Rembler Paul, \$20.00; Mr. S. L. Long, \$20.00; also the receipt of fruit from several good friends of the Hospital.

We are advised by the management of the Naramata regatta that, on account of the inability of the C. P. R. to furnish an excursion boat to convey people to the regatta advertised to take place at Naramata on Sept. 5th, it has been found necessary to call the event off. The C. P. R. authorities state that the demands on their shipping facilities made by the fruit crop at this season make it impossible for them to furnish an excursion boat.

Mr. Corley, travelling representative of J. Fortier & Co., Montreal, the largest cigar leaf dealers in Canada, paid a visit to the valley a few days ago, to inspect the tobacco of the Kelowna Tobacco Company. He was highly delighted with what he saw, and offered to buy the entire output of the Company in future up half a million pounds, at a handsome price. He expressed great surprise at the apathy shown by the farmers towards this important industry, but he feels certain that in the near future tobacco will be a crop generally grown here.

OPEN SEASON For Game Birds

A notice in last week's "British Columbia Gazette" gives the periods during which certain game birds may be shot on the mainland of the Province, from which we make the following extracts applicable to the Okanagan:

Blue and willow grouse and ptarmigan grouse may be shot from Sept. 1st to Dec. 15th, both days inclusive.

Columbia sharp-tailed grouse, commonly known as "prairie chicken," may be shot from Oct. 1st to Oct. 31st, both days inclusive.

Duck of all kinds, snipe and geese, may be shot from Sept. 1st to Feb. 28th 1911, both days inclusive.

Duck of all kind, snipe and geese, may be sold from Oct. 1st to Nov. 30th, both days inclusive.

One of the clauses of the Provincial Game Act for 1910 states that no minor under the age of 16 years, unless accompanied by his parent or guardian, is allowed to carry firearms for any purpose whatever.

"PIERRE OF THE PLAINS" Harold Nelson and Associate Players

Of great interest to theatre-goers will be the announcement of the engagement of that sterling dramatic actor, Mr. Harold Nelson, and an excellent supporting company of players, at the Opera House, Kelowna, on Saturday and Monday next, August 20 and 22.

Although Mr. Nelson has essayed Shakespeare for a number of years with great success, he has chosen an entirely different style of plays for this season. His present offering, and undoubtedly the best he has ever played, is a clever dramatization of Sir Gilbert Parker's stirring novel of frontier life, "Pierre and His People." It is one of those natural, intensely interesting plays which serves to elevate the morals as well as to electrify the auditor. "Pierre" is a half-breed who has a hard time of it, especially as everybody declares him to be a gambler and a good-for-nothing. He is madly in love with a road-house proprietor's daughter, Jen Galbraith by name, but on account of his reputation, he hesitates to tell her. The action of the piece reveals many thrilling situations, a real tragedy and several near ones, in which Pierre proves his real worth and wins the esteem of his lady love, whom he helps out of serious trouble, thereby endangering himself. When the police come after Pierre, Jen shows her gratitude and by a clever manoeuvre, throws the police off the scent, and in a great scene between her and Pierre she confesses her love and the play is brought to a close to the happiness of all concerned.

The tour, which is limited to ten weeks on account of other pressing engagements, is under the capable direction of Mr. G. Gwynne Garette. —Advt

BUSINESS LOCALS

Dr. Mathison will be out of town until about Sept. 15th.

"Bruce," of the Vancouver "Saturday Sunset," is doing a service to the Province and Canada generally, by giving impressions first hand, in his own inimitable way, of Fort George and the country surrounding that much boomed place. Recently, he commenced a tour of the central interior of the Province, and in this week's issue of the "Sunset" he has

a very lucid write-up of the various townsites at Fort George. Re the story published in Coast dailies that the G. T. P. had secured control of the Indian reserve on which to locate their yards and depot and incidentally platt out a townsite, he says the G. T. P. has not done so, and is not likely to, either, as the Indians on the land—133 all told—are very much against the idea of selling out to the railroad company, no matter what monetary and other inducements are offered them. "Bruce" also says that the reserve, anyway, is unsuitable as a townsite, consisting as it does of practically a series of gravel ridges and sloughs.

NEWS OF THE PROVINCE

Keremeos was visited by lightning two weeks ago, the bolt doing damage to the public school.

It will take about 800 boxes of apples to represent Summerland at the Vancouver National Apple Show.

Owing to the short hay crop on the prairies, that commodity promises to rule high in price in this Province this winter.

The ninth general conference of the Canadian Methodist Church opened in Victoria on Monday. Over 300 delegates have assembled.

Vancouver defeated the New Westminster Minto Cup holders at Vancouver on Saturday, in a fast and clean game, by 2 to 1.

For \$10,000 worth of debentures the Kamloops city council were offered at the rate of .9711 on the dollar by Amelius Jarvis & Co., which was accepted.

When in Nelson Sir Wilfrid Laurier will receive a deputation from the Portland Chamber of Commerce regarding the proposed deepening and rendering navigable of the Columbia river.

The Vernon tax rate for 1910 for all purposes has been set at 28½ mills on the dollar, made up as follows: general tax, 15 mills; debenture, 7½ mills; school, 5 mills; and health 1 mill.

R. Swift and associates, of Vernon, who propose forming a company to be known as the Vernon Tram and Power Co., have applied to the city council for a franchise for tram lines in that city.

General Baden Powell, the hero of Mafeking, visited the Province this week, on his trip through the Dominion, for the purpose of perfecting the Boy Scout organization, which is now his life work.

City Clerk Somerville, of Vernon, has sent in his resignation, which has been accepted by the Council. As the letter conveying the resignation was read and discussed in closed meeting, no reason is forthcoming for the sudden relinquishment of office.

In a letter to a friend at Armstrong, Staff Sergt. Richardson, the well-known shot, says that he did fairly well at Bisley, England, winning in all one hundred pounds in cash, besides four medals and badges. His average was 34.1 at all ranges.

A man, who is said to be W. Haney, has been arrested at Dillon, Mont., while it is alleged he was trying to rob a bank. Haney is wanted in British Columbia for the murder of Constable Decker near Ashcroft in June, 1909, following a train hold-up by him and four other desperadoes at Duoks.

At a session of the Railway Commission to be held in Vancouver next month the Canadian Pacific railway will cross swords with the Canadian Northern concerning the latter's route along the Thompson and Fraser rivers. The Canadian Pacific objects to the route of a seven mile section on the Thompson and a ten mile stretch on the Fraser. It says that the Canadian Northern route parallels its lines and it is impossible for the two lines to safely operate in the possible roadbed.

A writer in the Nelson Daily News, under the heading of "Profit vs. Patriotism," complains that Nelson wholesalers refuse to handle local fruit, saying that they prefer American grown fruit, declaring that it is better packed and suits their trade better. The correspondent concludes with the following pertinent remarks: "Something seems amiss, that when asking at a store for apples you find that they come from Washington, marked No. 1 grade, and yet no bigger than a fair-sized cull. Can it be possible that they are bought at No. 2 price and marked No. 1? If so, it is time the proper authorities appointed for the purpose looked into the matter. Surely it is in the interest of Kootenay that home-grown fruit should have preference to American fruit."

An Indian escaped from the New Westminster penitentiary last week, taking with him a coat belonging to the deputy warden, which he took out of that official's residence on Columbia street.

Hon. Price Ellison, M.P.P., with his party, has arrived safely at Alberni, from an exploratory tour of the interior of Vancouver Island. The party climbed Crown mountain for the first time on record.

The eleventh annual meeting of the British Columbia Medical Association is announced to be held this year on Tuesday and Wednesday this week, at the Tranquille Sanitarium, near Kamloops.

H. Cunningham Morris, of the Mail Herald staff, Revelstoke, is at the Coast taking lessons in the art of aviation, to be in readiness for the proposed monoplane flights which will be a feature of the Revelstoke fair.

The Farmers' Exchange shipped the first car of fruit to-day. They have this year again disposed of the crop handled through them to the Royal Fruit Co., Edmonton, who have contracted to take 15,000 boxes. The car just sent out is made up of Red Astrachan, Duchess and Yellow Transparent.—Salmon Arm Observer.

At a joint meeting of the Pentecost Sunday schools held Thursday night, it was decided to hold the annual picnic to Kelowna on August 25, and that all church organizations should be invited to heartily co-operate, and further than that an invitation be extended to the whole town. The steamer "Aberdeen" has been chartered.—Herald.

Nelson's total taxation rate for 1910 is 45 mills on the dollar, made up as follows: 30 mills on real estate and 2 mills on improvements for sinking fund and interest; 8 mills for general purposes; and 5 mills for school requirements. All ye wise ones who declare that Kelowna's 1909 rate of 33½ mills was the highest in Canada, take note, and likewise compare Kelowna's rate of 23½ mills for this year.

Complaints have lately been made in more than one quarter, of fruit stealing, says the Summerland Review. These offences seem to have been chiefly against non-resident lot owners, probably because of the lesser risk from bulldog or bird shot. It is certainly very trying to look expectantly for a crop, not merely for its own sake, but as a pledge of future possibilities, and then when one stretches forth a hand to receive it, after its long and careful nursing, to find it has vanished, into thin air.

A charge of bribery has been brought against Constable Murk, of Penitentiary, by W. H. Tapley, the proprietor of the British Columbia Hotel. Tapley claims that the police officer gave \$2 to a man named Henry W. Brainard in an endeavour to press home a charge of drunkenness. Murk caused a warrant to be served on Tapley for shooting at chickens upon the main street of the town while in an alleged intoxicated condition. Murk claims the money was paid the witness for counsel fee, but Tapley insists that this was irregular as the magistrate who heard the case stated there were to be no counsel fees. The council has declared that it has no power to investigate the case, and it will probably be taken into court.

The largest and most disastrous fire that ever visited Phoenix occurred on August 12, at 3.50 p.m., in an oil house of the Granby Consolidated Mining and Smelting Co. It took but an instant to travel along the covered approach between the north of the tunnel and No. 3 crusher building. The sparks of the latter, fanned by a breeze, began falling on the lower streets and set on fire the Methodist and Presbyterian churches, a livery stable, public school and the Pioneer newspaper office, the superintendent's residence and a cottage. The new machine and blacksmith shops of the Granby were also destroyed. That the part of Phoenix known as the upper town was not completely levelled is due to the excellent work of the fire department. The total loss is placed at \$150,000, of which the Granby lose \$100,000.

NEWS OF THE DOMINION

When in Toronto recently President Mackenzie, of the C. N. R., said that it was probable the Hudson Bay line would be leased by his company.

That the apple industry in Ontario is on the decline, and that for fifteen years the quality of the fruit produced has been slowly but surely deteriorating is the opinion of Mr. J. Crow, professor of pomology in the Ontario Agricultural College, at Guelph, who spoke on Canadian apples at the International Apple Growers' convention at Niagara Falls.

With the increase in the number of fast steamships on the Canadian route, the probability grows that when the next trans-Atlantic mail subsidy comes to be awarded, it will be made to apply to all Canada owned vessels coming up to a standard speed. The present mail contract has eighteen months to run. It is also probable that the government will increase the subsidy to a million and a half.

Bad storms, accompanied by severe lightning, have done extensive damage in Eastern Canada this summer. Despatches dated August 11th give particulars of a bad storm which visited Ottawa and other points. The crops were beaten down by hail, barns struck by lightning and destroyed by fire which followed, stock killed, and damage done to many buildings by hail, wind and lightning.

Mill men and prairie retailers had a meeting last week at Banff, when the former agreed to reduce lumber \$2 a thousand to wholesale dealers on the understanding that the consumer would get the benefit. Northwest dealers said the crop would be in the neighbourhood of 90,000,000 bushels, and that farmers expected to decrease the cost of handling five cents a bushel and get 15 cents more, thus netting them more than last season.

NEWS OF THE WORLD

At Lanark, Scotland, on August 13, J. Armstrong Drexel, an American aviator, attained a world's altitude record by rising 6,750 feet.

Joe Gans, the former lightweight champion of the world, and one of the most talented and popular boxers who ever went into the ring, died at Baltimore, Md., from tuberculosis.

Great floods have been ravaging Japan and great loss of life and property has taken place. Whole country districts have been converted into lakes and cities, towns and villages flooded out.

Forest fires have invaded the Yellowstone National Park, and reports state that large areas of forest are doomed. The natural beauty of the place has been greatly spoiled by the fires. Soldiers are fighting them.

Considerable anxiety is felt in London for Capt. Scott's Antarctic expedition ship, the Terra Nova, which is many days overdue at Cape Town. The vessel has not been spoken since she left Maderia on June 27th.

The death of Florence Nightingale, the famous nurse of the Crimean War, and the only woman who ever received the Order of Merit, took place on Saturday, at the age of 90, at her home in London, England.

Auditor Cotsworth has presented his last report on the examination of the civic accounts of New Westminster for several years past. It was of a sensational character, dealing with the purchase of properties at tax sales by civic officials far below arrears. It closed by openly alleging that ex-Mayor Keary had plainly violated his oath of office because of his connection with the deals. The report says, it was wrong if not criminal, for the mayor and other officials to have taken advantage of the city through their positions for speculative purposes, and again, "Some transactions already referred to indicate more in the nature of graft that can in future be allowed under the British flag." No action has yet been taken on the auditor's report, and feeling is running pretty high in the old burgh.
